DISINFECTION FOR YOUR WORKPLACE

We are a dependable and trained disinfection service provider located in Philadelphia. Evans Pest Control provides detailed commercial sanitization and disinfection services to help your business maintain a safe, clean workplace. We provide our services throughout Philadelphia and surrounding counties. We offer affordable service plans with no long-term commitment that keeps your facility sanitized and safe. We use state of the art equipment and sanitizers.

COMMERCIAL SANITIZING AND DISINFECTING SERVICES

Evans uses a broad-spectrum disinfect mist that provides powerful virus protection. It allows our technicians to quickly disinfect large areas, including surfaces and inaccessible areas, and can help minimize downtime for your business.

A wide range of businesses can take advantage of our disinfection service, including but not limited to educational institutions, property management, manufacturing, warehousing, distribution, healthcare facilities, hospitality, restaurants, gyms, and recreation facilities..

Evans technicians apply disinfectant to walls, floors, structures, frequently touched surfaces, computers, phones, and equipment.

We are glad to provide a one-time service, but we recommend regularly scheduled service as part of your action plan to maintain protection from viruses and bacteria in your workplace.

Evans will be helpful by helping you design the service plan that is right for you. Setup is easy, and we can begin right away.
